

ORAL HISTORY PROJECT

Grandmont Rosedale residents are invited to participate in an Oral History Project focusing on neighborhood housing.

Residents interested in sharing past memories and current impressions of their neighborhood and its homes are asked to participate in interviews with University of Michigan Assistant Professor Kimberley Kinder:
(kkinder@umich.edu; cell 734-272-1982; office 734-615-7252).

Interviews will be conducted during March and April of 2013. They will last approximately 45 minutes and may be completed in person at the Detroit Public Library Chaney branch (16101 Grand River Ave) or at another neighborhood location of your choosing.

Residents must live within the shaded study area to participate. Only one participant per household, please. No private financial information will be solicited.
